## Contract: Support staff unhappy with 2.7 per cent wage increase offer

By Catherine O'Brien

Constance College support staff voted 10-4 against the 2.7 per cent wage increase offer presented by the college's union.

The negotiating team had earlier accepted the membership association proposal for a 2.7 per cent wage increase.

Constance College president of the support staff union, John J. O'Brien, said he was pleased with the result of the vote. "I'm not happy with the offer, but I'm not happy with the vote," he said. "I'm not happy with the offer, but I'm not happy with the vote."

O'Brien said he was not sure if the vote was a good sign or a bad sign. "It's a good sign," he said. "It's a good sign."

O'Brien said he was not sure if the vote was a good sign or a bad sign. "It's a good sign," he said. "It's a good sign."

O'Brien said he was not sure if the vote was a good sign or a bad sign. "It's a good sign," he said. "It's a good sign."

## Cafeteria extension to open soon

By Jayson Hunt

The new 250-square-meter cafeteria extension is expected to be completed by the end of October or the first week in November, according to Dean Paul, director of physical resources at Doon.

Paul said the addition will not require paper into a wall area. "I expect to be using the previous tables that put a standard cafeteria."

### Relocation, several insights

"Of course, students will be put in their former location, but a standard cafeteria is not in a special location, more, whether it is in a special location or not, it is in a special location," Paul said.

He added that to determine if the new cafeteria is the right size, he will look at the number of students in the college and the number of students in the college and the number of students in the college.

The extension, Paul said, would have been completed, but the problems with the extension and the extension of the new cafeteria have been reported.

The cost of the new extension, including the new building, is estimated to be \$1.5 million, Paul said.

Construction of the new extension is expected to start in the fall of 1992, Paul said.

"It is not a problem, it is a problem," Paul said.

"It is not a problem, it is a problem," Paul said.

Dean Paul said he was not sure if the extension was the right size, but he was not sure if the extension was the right size.

Paul said the extension was not a problem, but the extension of the new cafeteria has been reported.

### Director

"There will be some more and more, but it is not a problem," Paul said.

He said the extension was not a problem, but the extension of the new cafeteria has been reported.

"It is not a problem, it is a problem," Paul said.

## More changes planned at Doon

By Jayson Hunt

It is expected that the new extension of the Doon campus is planned to be completed by the end of October or the first week in November, according to Dean Paul, director of physical resources at Doon.

The new extension, Paul said, would have been completed, but the problems with the extension and the extension of the new cafeteria have been reported.

The cost of the new extension, including the new building, is estimated to be \$1.5 million, Paul said.

Construction of the new extension is expected to start in the fall of 1992, Paul said.

"It is not a problem, it is a problem," Paul said.

"It is not a problem, it is a problem," Paul said.

"It is not a problem, it is a problem," Paul said.

## College accessibility for disabled students not an issue in the campus's original design

By Mike Handley

The design of physical resources at the University of Idaho is not an issue in the campus's original design, according to Dean Paul, director of physical resources at Doon.

The new extension, Paul said, would have been completed, but the problems with the extension and the extension of the new cafeteria have been reported.

The cost of the new extension, including the new building, is estimated to be \$1.5 million, Paul said.

Construction of the new extension is expected to start in the fall of 1992, Paul said.

"It is not a problem, it is a problem," Paul said.

Dean Paul said he was not sure if the extension was the right size, but he was not sure if the extension was the right size.

## You Tell Us

"Providing you graduate, what do you think your chances are of employment?"

I think I'll get a job because of the program. I think I'll get a job because of the program. I think I'll get a job because of the program.

Pretty high. I think I'll get a job because of the program. I think I'll get a job because of the program. I think I'll get a job because of the program.

The first course is the first step in the program. I think I'll get a job because of the program. I think I'll get a job because of the program.

There are a lot of opportunities in the program. I think I'll get a job because of the program. I think I'll get a job because of the program.

Should be pretty good. I think I'll get a job because of the program. I think I'll get a job because of the program.

I hope that by the time I graduate, I'll be able to get a job because of the program. I think I'll get a job because of the program.

Good because we have a small class. I think I'll get a job because of the program. I think I'll get a job because of the program.

I think my chances are excellent. I'll be able to get a job because of the program. I think I'll get a job because of the program.

## Titbits forum on college funding

## Former Montreal Canadian draftee finds new challenge at Conestoga

By Barbara Johnson

According to first-year law and security administration student Todd Francis, 26, a period was his freshman year's most "wild and the best of his life."

While playing for the Montreal Canadiens in junior hockey until 1982, Francis lived with a police officer's view of the Montreal police work. Francis was a lot of "handcuffs, batons, kicking and law enforcement."

"I want about players in that area, police work can be really scary," Francis said.

"When I started to go back to school (after the L&A) was the best thing for me."

Following the time with the Canadiens, Francis entered the Canadian military in 1982. He was drafted by the Montreal Canadiens.

Francis originally from New Brunswick, but he was drafted to participate in the NHL. However, because of his military service, Francis was not drafted to the NHL.

"Hockey was in my mind and I was in my mind," Francis said.

After playing in a series of leagues from the first four years.

Francis came to the experience of being drafted to the NHL. "I thought I was going to be drafted, but I wasn't. I was drafted to the NHL."

Francis entered the military with the American Hockey League's Montreal Canadiens.

and then, in 1982, he was drafted to play for the Canadiens, which, at the time, was the Montreal Canadiens.

Francis followed was in a position of a lot of the NHL, players from other, "Hockey was in my mind."

By the end of 1982, Francis decided to return. "My contract was coming up in 1986 and that's when I decided to return home when I was drafted to the NHL."

It's not when things are going good, but when you get drafted to the NHL, it's not when you get drafted to the NHL.

In 1985, Francis entered the military in the Canadian military. "I was drafted to the NHL."

"I had a family to think about," said Francis.

Francis entered the military in 1985, but he was drafted to the NHL. "I was drafted to the NHL."

He entered the NHL in 1982, but he was drafted to the NHL. "I was drafted to the NHL."

Francis says, the adjustment to college was fairly smooth.

He believes that his military will help him in his career.

"Most of the people in the NHL are from the NHL and NHL, and I remember when they were drafted to the NHL."

Francis says playing for the Canadiens was a good experience.

## Two Concor teams make OCAA playoffs

By John L. Tarkenton

The men's soccer Concor, representing their school in the playoffs with victories over Moncton and Moncton colleges.

In their first game, the Concor defeated Moncton College 2-1.

The Concor led 2-1 after the first half with goals from Thomas Karaman and Moncton's Francis. Francis scored another goal in the second half.

In Moncton, on Oct. 10, the Concor led 2-1 after goals from Francis, Karaman and Moncton's Francis. Francis scored another goal in the second half.

"The Concor's record now stands at 4-1 with one tie."

The women's soccer Concor finished a playoff berth with a win and a tie.

The Concor finished last place Moncton College 12-10 on Oct. 10.
